

Pancreatic Cancer Action Network

The network is a nationwide network of volunteers dedicated to working together to advance research, support patients and create hope for those affected by pancreatic cancer.

The network is the only national organization creating hope in a comprehensive way through research, patient support, community outreach and advocacy for a cure. The organization raises money for direct private funding research and advocates for more aggressive federal research funding of medical breakthrough in prevention, diagnosis and treatment of pancreatic cancer.

The network fills the void of information and option by giving patients and caregivers reliable, personalized information they need to make informed decisions. We create a sense of hope and community so no one has to face pancreatic cancer alone.

Pancreatic cancer has become the 4th leading cause of cancer deaths in the US, help us RAISE THE CURE for pancreatic cancer. www.pancan.org

Andy Kusma

Andy was an avid fan of golf. He loved visiting his son in Arizona to play whether it was 70 degrees or 110. There is no better way to honor Andy than hitting the links in his honor.

Andy believed sports provided a positive outlet and a great way to meet new friends and stay in touch with old ones. When Andy wasn't coaching little league, playing softball or attending a Sixers game, he was dedicating his time to his family and his career at Batesville Casket Company.

Andy passed away December 25, 2007, after losing his battle with pancreatic cancer. The NPAAA Andy Kusma Scholarship fund was established in 2008 to award those athletes who demonstrate courage and sacrifice during their athletic careers. On October 10, 2009 Andy Kusma was inducted in the North Penn Sports Hall of Fame.
